Honolulu, HI, USA | sadie.piianaia@student.chaminade.edu || Linkedin

EDUCATION

Chaminade University of Honolulu *Graduation: May 2028*

- Major: Data Science, Analytics and Visualization
- Relevant Coursework: United Nations CIFAL Associated Sustainability and Environmental Health Consulting class with experience consulting local businesses in making UN funded sustainable swaps.

WORK EXPERIENCE

Chirocare Hawaii, *Office Assistant, Independent Contractor* *October 2020 - Present*

- Initially assisting in clerical, cleaning, and receptionist work, moved to work-from-home clerical, marketing, and collaborative business analytics.
- Creation and execution of comprehensive natural supplements and other product marketing.

Duke's Waikiki, *Head busser, Hostess* *July 2022 - February 2023*

- Provided attentive service by bussing dishes, refilling water glasses, and assisting with guest requests in a timely manner.
- Led collaboration between the bussing, hosting, serving, and management teams to provide a clean, safe, and fun restaurant environment and run operations smoothly.
- Awarded *Employee of the Month* in October 2022 and the *Continuous Improvement Award* in November 2022.

Yard Work Projects, *Independent Contractor* *June 2021 - April 2025*

- Collaborative projects involving young Native Hawaiians to help people, associations, and communities with cleaning, home upkeep, and yard work responsibilities.
- Earned 100% satisfaction and callback rate based on customer feedback and booking.

PROJECTS

Mood and Habit Tracker *September 2021 - Present*

- Daily update and analysis of my life on a numerical basis that led me to proficiency in short and long-term pattern analysis, planning, and self-reflection. (via Google Sheets, Excel, and R)
- Generated a 27% increase in my average mood within one year by modifying my schedule and habits based on system predictions.
- Created analytics, predictions, and documented observations based on whereabouts, eating and sleeping routines, spending habits, moon calendar, and more.

Pain and Treatment Tracker *May 2022-Present*

- In the developmental stages, aims to create a long-term analysis of the chiropractic, supplement, and massage therapy treatment for the providers at Chirocare Hawaii.
- Utilizing the same structure, was modified for personal use as a treatment tracker for a family member with multiple long-term health issues.
